

# Fundraising Drive

*By purchasing from this fundraiser, you are not only supporting this organization but also helping the individuals with special needs that bake and package these treats.*

## **Organic Chicken Dog Treat\***

**\$10.00**

*This signature treat was what The Barkers Dozen started with and has lasted due to its popularity! This treat is great for all pups but especially for those with weaker stomachs due to its bland ingredients.*

## **Organic Peanut Butter Dog Treat\***

**\$10.00**

*This treat is the most popular line with the canine taste buds salivating over the higher quantity of peanut butter in the treats! Both you and your pup will smell it as soon as you take out the box.*

## **Organic Carrot Dog Treat\***

**\$10.00**

*For the healthy and/or vegetarian pups, these treats are low in fat and high in fiber. We blend whole carrots right into the treats and so you will see the small pieces throughout.*

## **Gluten Free Blueberry Bone-anza and Sweet Paw-tato**

**\$10.00**

*For those pups with wheat, corn and/or soy allergies, these treats are perfect. Made with rolled oats, both of these lines take nothing away from the flavor while keeping pups with allergies safe. Your choice of Blueberry/Banana or Sweet Potato!*

## **“The Mutt” Sampler Gift Box**
